
PERSONAL PROFILE

I am an enthusiastic and versatile web designer who thoroughly enjoys working in a collaborative development team. For me, this fosters both personal and collective growth. With experience in HTML, CSS and design software, I can bring a unique blend of technical proficiency and creative innovation to projects. I am eager to contribute my design solutions for an improved user experience.

EXPERIENCE

- Volunteering as a waiter | Oasis Restaurant** **2024 - Present**

At Oasis Restaurant, I've honed skills in cleanliness and organization, maintaining table order and a friendly atmosphere with attention to detail, reflecting the positive ambiance of the establishment.

- Web master & Design | My Digital King** **24/10/2022 – 30/12/2022**

As a CPANEL administrator, I managed websites, handling tasks from purchasing to DNS linking. My role ensured smooth site operation, from setup to functionality and appearance.

- Web Designer | International Marketing Group** **07/12/2020 – 20/10/2022**

In my web design experience, I've mastered WordPress, Shopify, and Gutenberg, alongside self-taught HTML, CSS, and proficient Photoshop usage for image manipulation, resizing, and design tasks including banners and cards.

- Web Designer | My Host Deluxe** **20/09/2018 – 19/12/2019**

During my time as a web designer, I became proficient in WordPress, specializing in using builders like Elementor, Bakery, and Astra to craft visually striking and dynamic websites.
